DETAILED ACTION

Response to RCE

The RCE filed on 7/9/2004 has been received and acknowledged to be found persuasive in view of the prior art of record.

Allowable Subject Matter

Claims 9-13, 15-16, 19-46 are allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art of record does not describe or suggest *inter alia* the invention using a laser light to form a crystallized region followed by a lamp light to remove distortions at the raising and lowering temperature as claimed in claim 1 and using a laser to form a second crystalline region and applying appropriate distortion reduction steps using a lamp light in various combinations, as claimed otherwise. So, therefore, the claims define over the prior art. Any comments considered necessary by applicant must be submitted no later than the payments of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
